

Name: \_\_\_\_\_

What would I do without.....?

What if a useful tool or everyday gadget ceased to exist? What would life be like if it had never been invented at all? Your task is to brainstorm five ways that life would be better if a particular type of technology was no longer available, and five ways that life would be worse. Think about it from all sides!

Your list should be in two columns and numbered, but should be explained through full sentences.

What would life be like without \_\_\_\_\_?
